

BLUElab

Mass Meeting Attendance

Let's Get to Know Each Other!

- What is an unexpected but fun thing that happened this summer?
- What brings you here?
- What's the best/worst/funniest Zoom story you've witnessed?
- What do you love but rarely buy for yourself?
- What is a nickname people have created for you?
- What is your least favorite ice cream flavor?
- What is a TV show you have binged watched?
- What's your favorite website or app to waste time on?
- What is a comfort movie for you?
- What is a guilty pleasure you have?
- What is your favorite sports team at Michigan?
- What is something you're really knowledgeable about?
- What did you do last weekend?
- What was the last book you read?
- What's the best class you've ever taken?
- What is something you're passionate about?
- Which year of your life has been your favorite so far?
- What is something that you irrationally hate?
- Where is your favorite place to shop in person?
- What is the most embarrassing thing you have ever bought?

A student in a blue t-shirt with 'HAIL' written on it and safety goggles is working on a wooden model in a laboratory. The model has a circular component with a grid pattern. Other students are visible in the background, also working on similar models.

Who We Are...

150+ Students from
6 UM Schools + Colleges

4 Project Teams
collaborating with
Local and International
Communities in
2 Different Countries

What We Do....

**Co-design solutions
to identified needs
in the areas of
Agriculture,
Education,
Energy,
Resource Management,
Water,
and more.**

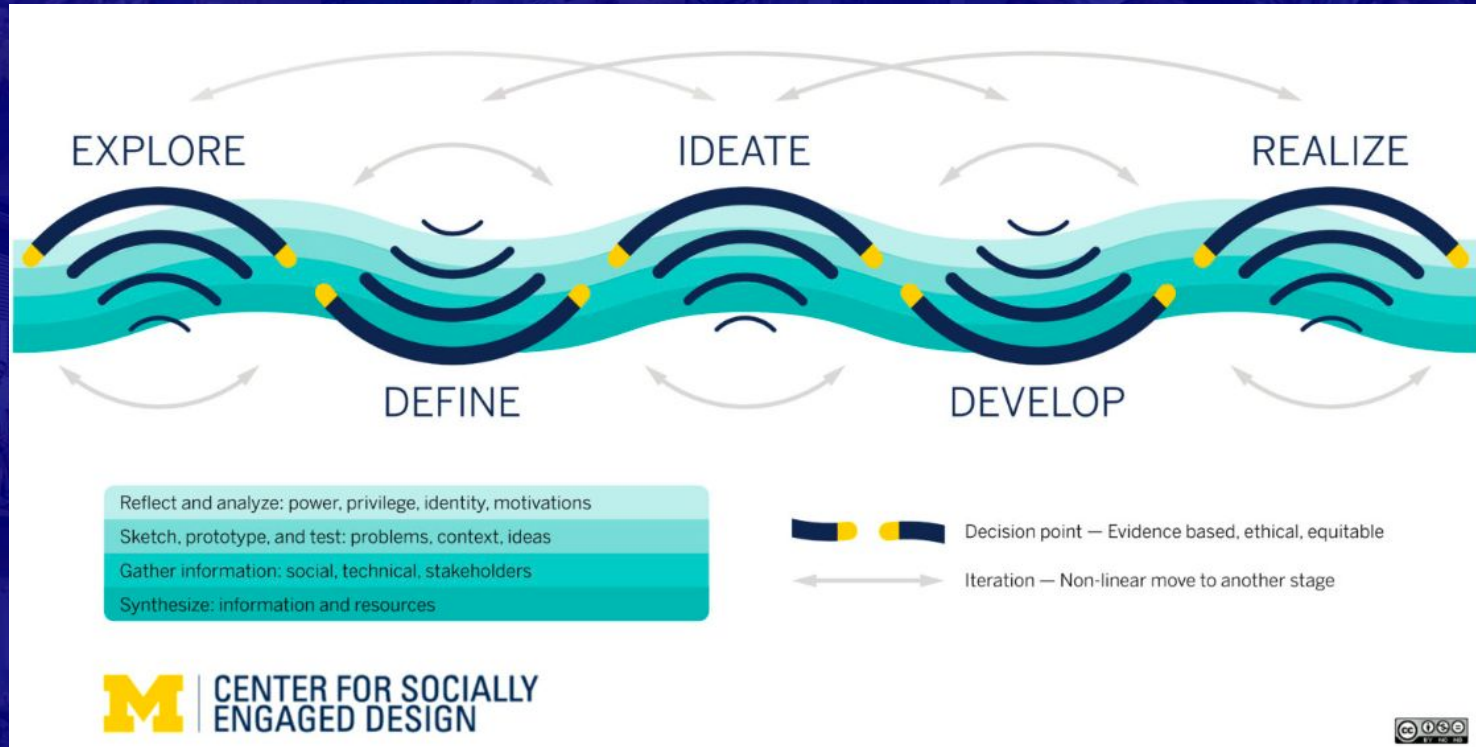

Socially-engaged design is about

People.

... And that the best designs are
Sustainable.

Design Thinking
